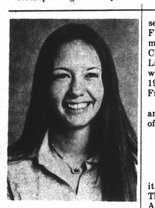
CON-TERRA WOMAN'S CLUB INSTALLS NEW OFFICERS

Newly elected officers of the Con-Terra Woman's Club of Concord were installed Saturday night at the Sachiko Restaurant in Lynchburg by the out-going president, Mrs. Wayne Matthews.

Officers installed, from the right, were Mrs. Joseph Dutka, president; Mrs. Stan Stanley, vice-president; Mrs. Winey Wariner, Jr., recording secretary; Mrs. David Porter, corresponding secretary; and Mrs. Lewis Floyd, treasurer.



Sandy Jamerson

Sandy Jamerson was recently installed as the 1976-77 Campbell - Appomattox Federation Future Homemakers of America President. She will be succeeding Teresa Cyrus, Appomattox County High School, 1975-76 President of the Federation.

Sandy is presently serving her chapter as Chairman of the Welfare Committee, which received committee of the year award. She wil" be serving as treasurer of the Appomattox Chapter for 1976-77.

She was captain or co-captain of the Junior Varsity Cheerleaders in the 8th, 9th and 10th grades. She was sophomore class reporter. As a rising senior, Sandy will have been in FHA for five years. She is member of Liberty Baptist Church, a member of the Liberty Youth Singers with whom she toured Poland in 1974 as Ambassadors for Friendship.

Sandy is the daughter of Mr. and Mrs. Kenneth W. Jamerson of Spout Spring.

Mrs. Thomas' 4-H Club

Mrs. Thomas' 4-H Club held its monthly meeting on Thursday, May 6, at the Appomattox Elelem entary School. It was reported that Scott Drinkard won a blue ribbon in the Demonstration Speech Contest which was held on April 24. Jack Williams received a red ribbon and a white ribbon for his two posters he drew for the Bicentennial Poster Contest.

Mr. Smith talked to the club about 4-H Camp, the 4-H Dog Show and the Dairy Products Poster Contest.

MAY 1-31
better hearing and speech month

Cancer Society Urges Pap Test

The American Cancer Society said today that it is approaching the goal of its four-year campaign to get every American woman to have a Pap test by the end of 1976.

The Society's Annual Report for 1975, just published, says more than 85 percent of American women at risk of getting cancer of the uterine cervix have had at least one Pap smear taken. Those at risk are primarily women 20 years and older, plus younger women who are sexually active.

The 1975 Annual Report takes a close, candid look at Cancer control, stacking up the progress against the problems. It shows how the Society's work fits into the total cancer picture, and how that picture - - despite many obstacles - - is getting brighter all the time.

For example, new drugs and combinations of drugs are preventing the recurrence of some cancers following surgery, and have removed 10 forms of cancer from the incurable list.

The five-year survival rate for children with acute lymphocytic leukemia has risen from a handful in 1960 to nearly 50 percent under today's best care.

A new diagnostic device, the long, fexible colonoscope, now enables physicians to examine the entire length of the colon, the site of 99,000 cancers each year.

Benjamin F. Byrd, Jr., M.D., President of the Society, and Board Chairman, Thomas P. Ulmer, wrote in their opening statement in the Annual Report:

"New major influences are emerging: Environmental hazards are becoming increasingly implicated and high cancer-risk groups and lifestyles are being defined more clearly . . . These developments remind us that cancer control is extremely complex . . . We are fighting not just one disease, but more than 100 forms of cancer. There will not be one, but many solutions."

Economically, 1975 was a year of struggle. Yet, despite the stiff competiton for the donor's dollar, the ACS earned a record income of $109,844,419.

"This demonstrates," declared Executive Vice President, Lane W. Adams in his introductory remarks to the Annual Report, "that the people of the United States believe in our cause and in our ability to handle funds wisely."

In 1975, for example:

+ Three cancer researchers supported for years by the Society won the Noble Prize for Physiology or Medicine because of work they have done concerning the interaction between tumor viruses and genetics in the basic mechanism of cancer.

+ New information from the 27 Breast Cancer Detection Demonstration Projects run by the ACS and the National Cancer Institute revealed mammography to be an effective screening technique for women 35 to 50, as well as for older women.

+ The link between cigarette smoking and lung cancer, which the Society was instrumental in determining, prompted action around the world to discourage and restrict the dangerous habit. The 1975 Third World Conference on Smoking and Health brought together representatives from 53 countries.

+ The ACS expanded its efforts not only to save more lives from cancer, but to improve the quality of the lives saved. Service and rehabilitation programs of the Society reached more than 300,000 cancer patients in 1975.

During the past year the ACS spent $27,328,000 or 27.1 percent for Research; $17,399,000 or 17.2 percent for Public Education; $10,313,000 or 10.2 percent for Professional Education; $13,463,000 or 13.3 percent for Patient. Services; $9,056,000 or 9.0 percent for Community Services; $10,441,000 'or 10.4 percent for Management and General Services; and $12,960,000 or 12.8 percent for Fund Raising.

SPOUT SPRING CHURCH TO HAVE NOTE BURNING

Spout Spring Baptist Church will have a "note burning" ceremony during the morning worship service on Sunday, May 30, 1976.

All members and friends will want to be present for this occasion.

'Patrick Henry Day' Red Hill,

"Patrick Henry Day," a Bicentennial event, will be celebrated May 29 at Red Hill in Charlotte County, five miles east of Brookneal. The celebration is being sponsored by the Brookneal, Campbell County and Charlotte County Bicentennial Commissions and the Patrick Henry Memorial Foundation.

Red Hill is the last home of the Revolutionary patriot, and he is buried on the grounds of the plantation. The original house burned some years ago, but it has been completely restored to its 18th century appearance. Henry's law office and various other outbuildings on the estatge are original.

Patrick Henry Day will be an all day event, and hundreds of invitations have been extended to dignitaries throughout the nation. It will be open to the public. The grounds will open at 9 a.m., and the ceremonies begain at 10:30 a.m.

Highlighting this 240th birthday of Patrick Henry will be an address by Gov. Mills E. Godwin, Jr. President Gerald Ford has sent a special message.

Morning activities include the dedication of the recently erected Patrick Henry Museum and performance of "Love in a Village," the Bicentennial play presented earlier this year by the Daniel Players of the John H. Daniel Campus of SVCC.

In addition to the address by Gov. Godwin, afternoon events will include band and choral concerts, a wreath placing ceremony by D.A.R. and historical groups, and the planting of a Liberty Tree. The 1st Virginia Regiment of the Continental Line Militia will perform in Revolutionary uniform.

Musical groups taking part in the celebration are the Randolph - Henry and William Campbell High School Bands, Campbell County and Charlotte County choruses, and vocal soloists. The shrine will be open, and Marian Harding, harpist of Colonial Williamburg, will perform during the day.

Throughout the day 18th century crafts will be exhibited and demonstrated at various places on the plantation.

Brunswick stew and colonial barbecue will be available during the lunch hour.

Mrs. V. J. Lusardi and Mrs. J. C. Riepe are co-chairmen of the Bicentennial event.

MR. C. P. MCCORMICK OF GLADSTONE holds seventeen pound turkey gobbler he killed Tuesday morning in Appomattox County. He gobbler had a 10½ inch beard.

PAMPLIN ELEMENTARY SCHOOL MENU

Mon., May 17 - Corn dogs, blackeye peas, french fries, fruit, milk.

Tues., May 18 - Barbecue on bun, buttered corn, creamed potatoes, brownies, milk

Wed., May 19 - Bologna, macaroni & cheese, tossed salad, biscuits, butter, milk.

Thurs., May 20 - Hot dog, cole slaw, apple cobbler, peanuts, milk.

Fri., May 21 - Grilled cheese sandwich, pickle chips, turnip greens, french fries, orange juice, milk.

POLICE WEEK MAY 9-16

SPOUT SPRING BAPTIST CHURCH GROUP that took part in the Roadside Clean-Up during Appomattox County Clean-Up Week is shown above."

Nuclear Energy: your powerful servant.

Nuclear energy is one of the most abundant—and economical—sources of power available. Together with coal, it offers the best hope to meet America's growing need for electricity.

Consider the energy from one thimbleful of uranium. It would take 1,100 gallons of fuel oil to generate an equal amount of electricity. When you think about the way the cost of imported oil has risen, you can see the tremendous promise nuclear power holds.

How nuclear energy makes electricity.

What does fuel have to do with electricity?

Vepco uses large quantities of fuels, such as coal or oil, to make the steam that turns the generators that make electricity.

With nuclear power, however, small amounts of relatively inexpensive uranium can be used to generate electricity, saving a tremendous amount of fossil fuels for other uses.

How nuclear energy saves.

In 1975, Vepco's Surry Nuclear Power Station saved the nation at least 588 million gallons of oil. A comparable amount of electricity generated from oil would have cost Vepco's customers $125 million more. Even though nuclear power stations cost more to build today than fossil fuel plants, they produce electricity at less cost. Vepco's two nuclear generators at North Anna will mean additional fuel savings over coal or oil when they go into operation in 1977.

Nuclear power: a giant step for energy independence.

Foreign suppliers control the price of the residual oil used to generate your electricity. By developing our own energy sources at home, we can lessen our dependence on this costly foreign oil. And we can help assure America dependable, affordable electricity.

Nuclear power is a giant step toward this independence. But it's not the only way. Vepco also has converted its plants from oil to cheaper domestic coal wherever it will save our customers money. Plans for generating electricity from pumped storage hydroelectric power are being developed. And Vepco is encouraging conservation of electricity in every way possible.

Economical energy is a necessity.

America depends on an adequate supply of electric energy. This energy provides jobs, food, conveniences—a standard of living that is the envy of hundreds of millions throughout the world.

By taking steps today to bring about energy independence, America can extend that standard of living to those of our fellow countrymen and women who do not share it today, and help all of us toward a more self-sufficient tomorrow.

Vepco

America is a powerful idea. Let's keep it that way.

TIMES-VIRGINIAN

A LIVELY WEEKLY NEWSPAPER AT HISTORIC APPOMATTOX COURT HOUSE, VIRGINIA

VOLUME 85 - NUMBER 21 APPOMATTOX (VA.) - TIMES-VIRGINIAN - MAY 20, 1976 SINGLE COPY PRICE 15c

Father Darkleaf

BY CALVIN ROBINSON

Another big week end in Historic Appomattox. Good business and lots of visitors. A top event was a stopover by an excursion train, with 19 coaches and several hundred guests. Good to see a steam engine once again. While waiting for the train to arrive, I made my first visit to the Arts and Crafts Center in the former depot. Worth a visit and I wish the ladies success. The train was a bit late so we had a chance to just stand around and talk and that in itself revived memories, for years ago most everyone in town would gather at the depot to meet the train. I aimed to do more listening than talking. A jogger came running down Main Street. Chartered buses were parked everywhere to take many of the guests to The National park Service showplace. All in all, it was a good promotion for Appomattox. I fell to thinking to recall ever going on a railroad excursion and only one I could remember was a Sunday School train trip to Buckroe Beach when I was a kid in grade school. So . . . a verse of No. 88 (Bring Them In) for more events to bring people to Appomattox.

* * *

Thanks to my friend, Mrs. Rachel Lawson, for brining me some newspapers and souvenirs she picked up on a recent Southern trip. One item was a Travelside Directory and Maps of the Mid-Atlantic States. I delight in pouring over maps. Appomattox is located at D-9-Va. Modern expresswys and better cards enable you to cover more distances and for sure this Bicentennial Year is a travel year. For many the purring of an auto engine is poetry and steering wheels are a guide to Shangri-la.

* * *

There ought to be a law against the way I plant my garden. There is no system about it. If there is a vacant space, I use my trusty garden hoe and drop in something. Gourds alongside lettuce. Zinnia seed close up to some special "tall corn I ordered. Coxcomb to be growing buddies with tomatoes. It is a crazy quilt. Ah yes, I even found and planted some "seedless" watermelons. Leastwise that's what the packet said.

* * *

Thursday of last week was the 13th of the month and the 13th is not my lucky day. Woke up to find I had a flat tire and before things got straightened out had two new tires installed. I am now all set as to transportation and ready for non-stop trips to the post office and food store.

* * *

History Department: Gen. Robert E. Lee had saved his best uniform and wore it when he met Gen. U. S. Grant in the McLean House at Appomattox, April 9, 1865. That uniform is now among the items on display at the Museum of The Confederacy, 1201 E. Clay St., Richmond, Va. The Museum was the home of President Jefferson Davis.

* * *

Holiday Lake area is ready for a big season and it appears that more people than ever are planning camping trips.

* * *

The Presidential Election year is in full swing and I am getting lots of campaign literature. However, so far no buttons! Used to collect political campaign buttons, but they are not as popular as they once were, as there are so many independent voters who like to keep their options open.

* * *

Well, it has been nice chatting with you. Keep smiling, keep reading and boosting Appomattox. . . A Growing Town. Seeye next week.

Blood Program Celebrates 25th Anniversary

Appomattox County observed the 25th Anniversary of the Red Cross Blood Program Tuesday when the Bloodmobile made its fifth and final visit of the fiscal year to Appomattox.

A ribbon-cutting ceremony was held at noon Tuesday with Dr. S. R. Lawson, Chairman of the Appomattox County Board of Supervisors, (right above) cutting the ribbon. Shown with Dr. Lawson, left to right, are Rev. Earnie Lucas, Chairman of the Blood Program in our county; Mrs. Lucy Harvey, Assistant to Rev. Lucas; and Rev. Cecil Dalton, Chairman of the Appomattox Chapter Red Cross.

A 25th Anniversary Cake was cut and donors and friends enjoyed the cake and the fellowship along with donating a unit of their lifesaving blood. The Appomattox Junior Woman's Club is the sponsoring organization.

With a total of 102 units of blood needed to reach the quota for the year, Appomattox County citizens contributed a total of 189 units, making the county 109% of its quota and exceeding the set quota by a total of 87 units. Faithful repeat donors came out Tuesday along with some first-time donors.

Appomattox County is indeed proud of the Blood Program in our county and of the success it has been through the years.

Appomattox Won't Stop Location Of New Plant

The Bird Virginia Group, which includes Meteo Metals, Inc. of Lynchburg and United Iron and Metal Co., Inc. of Roanoke, has tentative plans to set up an operation to shred junked autos on a 10-acre tract in the Paradise Lake area, W. S. Slagle, special projects secretary to the supervisors, told the board at their Friday meeting.

The Appomattox County Board of Supervisors determined that no local ordinances would prohibit location of a metal shredding plant on Route 460 near the location of Paradise Lake.

Commonwealth's Attorney W. S. Kerr told the supervisors the plant would come under the state's highway junkyard ordinance. He said the county could impose a license tax or regulation on such an operation. He added that the plant would have to be at least 1,000 feet from the highway and would have to be concealed by a fence.

The Board of Supervisors decided to enact no new ordinance to block the location of the new plant.

In other matters, Mrs. Betsy Rowbottom of the Emergency Medical Services (EMS) told the board that an application had been filed for federal funding to aid coordination of EMS in Planning District II.

FRIENDS OF LIBRARY SEEK NAMES OF LOCAL AUTHORS

Friends of the Library held their regular meeting at the Appomattox County Library on Modnay night of this week.

In September of 1976, Friends of the Library plan to honor every present resident of the county who has had a book published.

If you are an author or know of one, please contact Mrs. K. E. Coleman, phone 352-5352, and give her the name of the author. They do not want to miss any county author so your assistance would be appreciated.

ART EXHIBIT SET AT ACHS

The 1976 Art Exhibit will be held at the Appomattox County High School Concourse on Sunday, May 23.

The show will begin at 2 p.m. and will be open to visitors until 5 p.m.

There will be displays from the Middle School, High School and the Adult Education classes.

The public is cordially invited to attend.

MEMORIAL DAY SERVICE PLANNED

The American Legion and the Legion Auxiliary will sponsor a Memorial Day Service at the Court House Square on Court Street on Sunday, May 30 at 3 p.m.

The public is cordially invited to attend the ceremony, and a special invitation to families of the verterans whose names are inscribed on the monument is extended.

Make plans now to attend the special Memorial Day Service. The Appomattox County High School band will participate and a special guest speaker will be present.

NATIONAL WINNERS OF THE RETREAD APPEARANCE CONTEST for the third year in a row are, left to right, Douglas Webb, Martin Webb, Charles Booker, John Torrence, James Pannell, John Jones, and Wayland Ferguson. Absent from photo were Chesley Christian and Marco Turner.

Blue Ribbon Winners For Third Consecutive Year

Webb's Tire Company, Inc. was for the third consecutive year a first place winner in the 19th Annual Retreat Appearance Contest held in Louisville, Kentucky.

Tire retreaders from all fifty states, Canada, Mexico and twenty-three overseas countries attended the Retreaders' Conference held April 10, 11, and 12 in Louisville, Kentucky listening to outstanding speakers and viewing one mile of retreading exhibits.

There were 6800 people in attendance, over 600 booths, and over 130 different exhibits. This was the biggest and largest Conference to date.

The Retread Appearance Contest drew entries from all over the United States, Canada, and overseas countries.

PAMPLIN COUNCIL SETS MASS MEETING

The Pamplin Town Council will hold a Mass Meeting at the Pamplin Fire House on May 21, 1976 at 7:30 p.m.

This meeting will be open to all town citizens for suggestions concerning improvement projects.

Former Area Man To Head Agriculture Market Division

The State Board of Agriculture and Commerce announced the appointment of M. W. Jefferson of Richmond as director of the division of markets of the Virginia Department of Agriculture and Commerce.

Jefferson, director of Virginia's statewide inspection program of the bureau of dairy services, will fill the post left vacant by the death of B. W. Sadler. The board also passed a resolution honoring Sadler, who died this month after 30

POPPY DAYS IN APPOMATTOX - MAY 20, 21

Each year on the week end before Memorial Day, America blooms with the "Memorial Poppy".

Members of the American Legion Auxiliary assisted by the girls in the National Honor Society at Appomattox County High School will be distributing these little red flowers on the street on Friday and Saturday.

Take a poppy, contribute what you can, and wear it, so that all may know that we honor the past so that we may serve the distressed of today and bring hope for tomorrow for veterans and their families.

PURDUE RECOGNIZED FOR FISH & WILDLIFE MANAGEMENT

William Purdue, an Appomattox County High School junior, has been judged area winner of the FFA Foundation proficiency award for fish and wildlife management for the second time. Purdue, 16, is the son of Mr. and Mrs. C. L. Purdue, RFD 3, Appomattox.

This award recognizes the efforts of FFA members to improve the availability of fish and wildlife. William has carried out ten conservation practices including planting seed patches for feed and cover and stocking ponds. He and his father work closely with the Commission of Game and Inland Fisheries.

His accomplishments will be judged along with five other area winners in determing the state award. Recognition of the state winner will be a feature of the 1976 State FFA Convention at Blacksburg June 14-17.

FARM BUREAU LOOKS FOR 200 YEAR-OLD COUNTY FARMS

Farms which have been in the same family for at least 200 years are being sought by the Virginia Farm Bureau, according to Jimmy Rosser, Appomattox County Farm Bureau president.

The farms, began before or during 1776, will be recognized as "Bicentenial Farms" by the Virginia Farm Bureau.

Registered farms must have been owned by the same family for at least 200 years and must be 10 acres or larger. The farm owner does not have to be a Farm Bureau member.

"The line of ownership from the first family member owning the land may be through wives and husbands, children, brothers and sisters, nephews and nieces. Adopted children will be recognized equally with blood children," Rosser said.

To enter the program, the farm owner must submit a statement of certification from the Clerk of the Court or other documentaiton and registration form to the County Farm Bureau. The forms will be reviewed by the county board of directors and recommended

All five schools in Appomattox County School System have been accredited by the State Board of Education for the 1975-76 session. Holding their certificates of accreditation, left to right above, are Mrs. Patricia Torrence, Principal at Appomattox Primary School; Mr. Robert Williamson, Principal at Appomattox Elementary School; Mrs. Hextiene Foster, Principal at Appomattox Middle School; Mr. Cecil Tillery, principal at Appomattox County High School; and Mrs.Barbara Waddell, principal at Pamplin Elementary School.

Board Discusses Drug Abuse

Appomattox County Schools Accredited By State Board

The Appomattox County School Board meeting in regular session Thursday evening, May 13, 1976 was told by Lloyd G. Walton, Division Superintendent, that the five county schools have been accredited by the State Board of Education for the 1975-76 session.

To be accredited means that the schools have met a set of standards and objectives established by the State Board of Education determined to be essential for a comprehensive and effective educational program.

Drug Education

The Board engaged in a discussion regarding drug education and the use of drugs by students in the schools. The Board offered support and assistance to teachers and the administration in their efforts to eliminate the problem.

Present School Board Policies are specific regarding responsibilities of school personnel and the discressed of today be followed regarding drug education and drug use and abuse.

Title IX

A report was made to the Board regarding Title IX regulations and the progress of the division toward compliance. It was stated that the superintendent has appointed a committee to make a self evaluation of the school system to determine if there are areas where the system is not in compliance and to make recommendations for the Board to consider to bring about compliance.

A self-evaluation has to be completed by July 21, 1976 and the division must be in full compliance with the law by July 21, 1978.

It is the opinion of the Title IX committee, that the school system appears to be generally in compliance. An area of concern will be provision for co-educational classes in health, and physical education in the high school.

School Division Calendar For 1976-77

The Board approved a calendar for 1976-77 with the opening date for students set

Cont'd on page 11

ACHS SETS PRE-REGISTRATION FOR SUMMER SCHOOL

Pre-registration for Summer School to be held at Appomattox County High School began Monday, May 17. General information relative to the session is as follows:

Summer School session will begin June 14 and will continue through July 23 with classes being held Monday through Friday from 8:30 a.m. until 12:30 p.m. Probably subjects to be offered include English courses with the tutition cost dependent on total enrollment in summer school.

Seventy-five hours attendance will be required for repeat classes and one hundred-fifty hours attendance will be required for new classes.

Students should use this opportunity to repeat required classes which will be offered. A class may be taken as a new subject for enrichment, however, it cannot be used for acceleration.

Registration forms for summer school are available in the Guidance Office, phone 352-7146. These forms should be returned to a counselor by May 24.

Honor Graduate Receives Scholarship

Carla Renee' Lipford, daughter of Mrs. Pinkey Lipford of Rt. 2, Concord, Va., is an honor graduate of the Class of '76. She is a member of the Mt. Obed Baptist Church. She has been a member of the National Honor Society for two years, of the SCA for three years, holding offices of Treasurer and Vice-President; a member of the Varsity Club and Co-Captain of the Raiderette Basketball team for 1976. She is also the co-editor of the "Traveler" and was a delegate of Girls State last year.

Carla plans to attend the College of William and Mary September and will major in journalism.

The academic scholrships awarded Carla for outstanding scholastic achievement by the College of William and Mary

CARLA RENEE' LIPFORD

are the Martin Luther King Memorial Scholarship of $500 and the Virginia Waddell Scholarship of $100.

Report On Red Cross Campaign

During the first week of the Red Cross Fund Campaign over eight hundred dollars ($800.00) was contributed. The response to the letters which were mailed to citizens of the county requesting contributions is encouraging.

If you have not responded to the letter which you received, the Red Cross Board of Directors requests that you consider the services which the Red Cross Chapter provides to Appomattox County. Your contribution will enable the chapter to meet its goal of $2400.

If you did not receive a letter, you may mail your contribution to Appomattox Red Cross Chapter, Appomattox, Va. 24522. Your check should be made payable to Appomattox Red Cross Chapter.

The blood program alone merits our support of the Red Cross program," stated Rev. Cecil Dalton, president of the local chapter. Since the founding of the Red Cross Blood Program in 1948, the organization has collected, processed and distributed 65, 198,753 units of blood. Today, the Red Cross program operates through 58 regional centers, covering 1,724 participating chapters, serving a total population of 128,654,642 persons, and providing blood and blood products to 4,277 hospitals and blood facilities throughout the nation.

New Owner To Open Coswell Drive-In

Coswell Drive-In Theatre will open May 21 under the ownership of Mr. Donald Chenault, who recently purchased the drive-in from Mr. J. C. Caldwell.

The first show will be **MOONRUNNERS** and will be shown May 21 and May 22.

Mr. Chenault says he is trying to line up some "good" movies for the summer and invites you to come out and enjoy watching from the comfort of your automobile. He has been doing a good deal of repair and replacement and you will find the sound much better this year.

Watch the advertisements in the **TIMES-VIRGINIAN** for the schedule of movies at the Coswell-Drive-In.

FFA Recognized For Safety

The work of the Appomattox County FFA Chapter in safety education has been judged best in the Southside Area. Chapter safety is a national awards program designed to encourage FFA members to take a more active role in the promotion of safety.

The chapter's major community safety project was tractor safety. The unit carried out seven activities in the promotion of this project.

Another major activity was
